Organisation

Jami is a mental health charity committed to providing practical and emotional support to the Jewish community, delivering services that educate, support and facilitate recovery.

Since the start of the pandemic, demand for our services has grown exponentially. In 2021 we undertook a thorough review of the needs of the community, to develop a new strategy that will secure the Jewish community's mental health provision. The new strategy sets out a huge agenda for change in scale and provision, which will be developed over the next five years while we continue to run our diverse set of highly professional mental health services:

- Advice and advocacy
