### Organisation

Jami is a mental health charity that enriches and saves lives impacted by mental illness and distress in the Jewish community.

Since the start of the pandemic, demand for our services has grown exponentially. In 2021 we undertook a thorough review of the needs of the community, to develop a new strategy that will secure the Jewish community's mental health provision. The new strategy sets out a huge agenda for change in scale and provision, which will be developed over the next five years while we continue to run our diverse set of highly professional mental health services:

- Advice and advocacy
- Treatment and support
- Education and campaigning

Jami currently supports over 1,400 individuals, delivering almost 50,000 separate service interactions each year, and reaches thousands more people through education, seminars, work in schools and other organisations. Through our social enterprise community café, Head Room, we raise mental health awareness while delivering mental health support on the high street.
